

BOY SCOUTS OF AMERICA

TROOP 726 FLASH

MARCH 2015

Please note: Due to the very late posting of the March Newsletter, I have cut it down to only stories and photos of February events. The April newsletter will come out next week with full coverage!

“Our greatest glory is not in never failing, but in rising everytime we do.”- Confucius

Thanks for your patience!

Scout Sunday February 18, 2015

By Aviram Bhalla-Leine

On February 8, 2015, Troop 726 helped lead Scout Sunday at Faith Lutheran Church. Ashir Bhalla-Levine, Aviram Bhalla-Levine, Joshua Fewx, Matthew Kwan, and Sam Pica, in collaboration with the Girl Scouts and Cub scouts participated in the Flag Ceremony to commence and complete the service. As Chaplain's Aid, I was grateful for the reverence and willingness of the Scouts who I led in the Flag Ceremony. I was pleased to represent our troop as I presented the Scout Oath and Scout Law. A large number of our most Reverent Scouts also attended and participated in the service.

Red and Green Dinner: Celebrating Scouting and Families

By Robert Fusinati, Scout- in-charge

On a nice night in February, Troop 726 celebrated the birth of scouting itself. We sat through a long yet entertaining set of speeches, by myself, Mr. Siu, Mr. Avery, and a representative from the friends of scouting organization. We listened and listened, and finally, we ate. The food was great. That was a lot of great stuff. Some of it was even amazing. But, over all, I think the best part will always be: Donuts. :D

Thank you Mrs. Bull for all the fabulous pictures!

What should I choose?

Great Food!

And Drinks!

It's nice to have family...

Winter Awareness Training

By Yuri Overton

On March 14, about a dozen scouts came to the winter awareness training, led by instructors Keane and Patrick. We learned how to layer our clothes for snow outings, how to build igloos and other snow shelters, how to set up winter tents, and what food to prepare. Unfortunately, we will not be able to use any of this because our winter outing at Boreal has been cancelled due to lack of snow.

Black Diamond Camping/Mountain Biking and Hiking

By Josh Siu, Scout-incharge

The younger scouts mostly attended along with Mathew and I. We went on a 21 mile bike/hike at Black Dinamond Mines. We spent two days at the mines. Scouts made super well done, almost burnt steak. The older scouts made noodles and meat we found in my house.
